## Newsletter, August 2013

---

Welcome to the *Responsible Contractors* newsletter, a forum for us to highlight company news, feature some of our most highly regarded contractors, and include customer testimonials.

### Company News

---

- The 2013 **Washington Military Resource Directory** is available this month, putting our contractors in touch with the local military community. Through *Responsible Contractors* your listing will reach 145,000 military personnel, active and retired.
- *Responsible Contractors* is looking for news about **upcoming Home Shows** in the Snohomish, King, Pierce, Thurston, and Lewis counties. We want to keep consumers informed of opportunities to meet and visit with our contractors. An updated list of home show will be available on our site in September. If you know of a local show, please email Nikeyla at [Nikeyla@responsiblecontractors.com](mailto:Nikeyla@responsiblecontractors.com).
- We continue to feature our contractors' work on *Responsible Contractors' Photo Gallery*. We tag, link, and label each submission with your company's name. Photos are then pinned to [Responsible Contractors' Pinterest](#) page, again crediting your company and expanding your exposure.

### Home Improvement Tip

---

Summer is when you want to think winter. What do you need to do now so that your home is not exposed to the elements when it's cold and wet and muddy? Obvious things might be replacing windows, exterior painting or roof repairs; but also think about anything that might require opening up an exterior wall - maybe as part of a remodel or even adding or replacing insulation. Even projects such as new carpet or wood floors are better done when mud won't be tracked across them. Plan now and you'll be glad you did.
